

Dedicated *Amazon Service*

Support your Amazon distribution with STS & Pall-Ex.

STS now proudly offers a dedicated Amazon service through our network of quality members. All inbound freight is consolidated at our hub and delivered directly to all UK based Amazon Fulfilment Centres nationwide.

Through our fixed delivery slots and robust relationship with Amazon, all deliveries are scheduled with a guarantee of success. The entire process is managed by our dedicated team from our central facility in Leicestershire who ensure that each delivery is handled with precision and care throughout, providing a service with minimal risk or financial penalties.

The central booking team will ensure each consignment is correctly booked and follow each delivery through to the end, supporting customer expectations with a seamless service from start to finish.

STS are proud to offer the following benefits in line with our service excellence strategy.

- ▶ A dedicated service thanks to daily fixed timeslots at all Amazon fulfilment centres
- ▶ Improved delivery performance results in a more reliable and efficient service, fully supported by our successful Quality & Compliance team
- ▶ A new, dedicated central booking team to reduce administrative tasks for our customers
- ▶ Optimised transportation flow thanks to a robust consolidation service
- ▶ Minimised risk of financial penalties
